

Genealogy Workshops

Using Ancestry: The US Census

Saturday, February 18, 2017

1:00 – 3:00 pm

Mendenhall Library

Free

U.S. Census records can provide a wealth of information about the lives of your ancestors – where they lived, occupation, military service, family relationships, property ownership, and much more. Learn what these records offer and how to use the Ancestry online database at the library to find them. Time will be provided for you to research your family. Bring a laptop computer or check one out from the library. Presenter: Teresa Campbell, Gastineau Genealogical Society.

Using Ancestry: Tips for Effective Searching

Saturday, March 11, 2017

10:30 am – 12:30 pm

Mendenhall Library

Free

With billions of records, Ancestry.com is a powerful online tool for learning about your ancestors, but it can be overwhelming! Learn about the major record types and how to focus a search for your ancestors so you can find their records more quickly. Time will be provided for you to research your family. Bring a laptop computer or check one out from the library. Presenter: Teresa Campbell, Gastineau Genealogical Society.

Space is limited. Pre-registration is encouraged.
